Forward Looking Statements

This report contains forward-looking statements that involve risks and uncertainties, such as statements about our plans, objectives, expectations, assumptions, or future events. In some cases, you can identify forward-looking statements by terminology such as "anticipate," "estimate," "plan," "project," "predict," "potential," "continue," "ongoing," "expect," "believe," "intend," "may," "will," "should," "could," or the negative of these terms or other comparable terminology. These statements involve estimates, assumptions, known and unknown risks, uncertainties and other factors that could cause

actual results to differ materially from any future results, performances, or achievements expressed or implied by the forward-looking statements. Actual future results and trends may differ materially from those made in or suggested by any forward-looking statements due to a variety of factors, including, for example, our ability to compete with other payment systems, the risk of loss due to fraud and disputes between senders and recipients; and the fact that our status under state, federal and international financial services regulation is unclear. Consequently, you should not place undue reliance on these forward-looking statements.

The forward-looking statements speak only as of the date on which they are made and, except as required by law, we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events. In addition, we cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

Overview

The Company continues to protect and develop its technical work. The Company was founded to pursue the technologies that sound theory was telling serious science were possible. In our history we have taken tight budgets and attempted to commercialize. Most of the money raised by the Company came from its founders over the years and our mission progress continues. We have historically raised capital and expensed the money on technical work. We have learned in the recent few years this is corporately unsound.

The Company became a 9% limited partner of QBIT Investment Fund, LP by investing Common Shares. QBIT Investment Fund, LP is controlled by Craig Nelson of Houston, Texas. QBIT Investment Fund, LP's business objective is to provide stable limited partnership income to the Company while protecting or growing capital value.

The Company plans to use income provided by QBIT Investment Fund, LP to perfect our technologies and products. QBIT Investment Fund, LP has committed to develop adequate partnership income and cash distribution to satisfy the cash requirements of the Company into the future.

A. Plan of Operation.

1. Describe the issuer's plan of operation for the next twelve months.

- i. The Company anticipates partnership income from QBIT Investment Fund to satisfy its cash requirements;
- ii. We hope to embody negative group delay in digital signal processors and cascade the devices. This should give us usable time advance in data streams.
- iii. We hope to build an ultrasonic and electrically resonant water electrofusion device and quantify its operating results.
- iv. We do not expect significant expenditures for equipment or facilities.
- v. We expect the number of full time employees to grow to 7 within a year.

B. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The Company received \$36,350.00 over the previous three months from QBIT Investment Fund, LP. This quarterly amount is scheduled to rise during calendar 2011 to \$75,000 per quarter.

C. Off-Balance Sheet Arrangements.

We do not currently have off-balance sheet arrangements.

Item 5 - Legal Proceedings

There are no past, pending or threatened legal proceeding or administrative actions by or against the issuer.

Item 6 - Defaults upon senior securities.

There were no defaults on any debts or securities during the period.

Item 7 - Other Information

The Company engaged Wakabayashi Fund, LLC of Tokyo, Japan on June 11, 2011. Wakabayashi will assist in increasing awareness of the company among interested institutions, improving the Company's image, entering non-US markets with the Company's securities, and financing acquisitions. Wakabayashi was paid 175,000,000 restricted Common Shares of the Company.

Item 8 - Exhibits.
